

Help an Animal in Need!

Foster a Homeless Animal

Small Angels Rescue is a nonprofit, all-volunteer organization that rescues chinchillas, degus, gerbils, guinea pigs, hamsters, mice, and rats from animal shelters. We don't have a shelter (yet), so we need foster families to care for the animals as we look for new homes.

Foster Care Homes Provide:

- Food, bedding, other supplies and regular care (feeding, water, cage cleaning, playtime)
- Socialization and, if needed, medical care
- Descriptions of the animals to place on our Petfinder.com site
- Transportation to adoptions and adoption events

Small Angels Provides:

- A cage, if the foster parent cannot supply one
- Free and discounted food and bedding
- Full coverage of approved medical expenses
- Adoption counseling and placement
- Free membership

Why Foster Care?

- Save a life!
- Teach children responsibility.
- Write off expenses or earn community service hours.

We Need You!
